

DEEP PATEL

Data Analyst | Business Intelligence | Power BI Developer

Phone: 704-677-2942 | Email: deeppatel.analyst@email.com | LinkedIn: linkedin.com/in/deeppatel | Location: Pune, India

PROFESSIONAL SUMMARY

Data Analyst with hands-on experience in Power BI, SQL, Excel, and Python, seeking to apply strong analytical and data visualization skills to support business decision-making. Skilled in data cleaning, exploratory data analysis (EDA), DAX, Power Query, and dashboard development, with a proven ability to translate raw data into clear, actionable business insights. Built an end-to-end e-commerce analytics dashboard and completed the Deloitte Data Analytics Job Simulation, demonstrating readiness to contribute to data-driven teams as a Data Analyst, Business Analyst, BI Analyst, or MIS Analyst.

CORE COMPETENCIES

Data Analysis & EDA | KPI Analysis & Reporting | Power BI & DAX | Power Query (ETL) | SQL & MySQL (Joins, Subqueries, Aggregate Functions) | Python for Data Analysis | Microsoft Excel (Advanced) | Dashboard Development | Data Visualization | Business Insights & Storytelling

TECHNICAL SKILLS

- Data Analysis: Data Cleaning, Exploratory Data Analysis (EDA), KPI Analysis, Business Insights, Trend Analysis
- BI & Visualization: Microsoft Power BI, DAX, Power Query, Dashboard Development, Data Visualization, Power BI Service
- Databases: SQL, MySQL, SELECT, JOINS, GROUP BY, HAVING, Subqueries, Aggregate Functions
- Programming: Python (Pandas, NumPy) for Data Analysis
- Tools & Platforms: Microsoft Excel, Power BI Service, Power Query Editor

PROJECTS

NextMove — E-commerce Analytics Dashboard

Tools: Power BI, DAX, Power Query

- Built an interactive Power BI dashboard to analyze e-commerce sales performance, revenue trends, and product-level KPIs, enabling faster, data-driven business decisions.
- Used Power Query to clean, transform, and model raw sales data from multiple sources into a structured, analysis-ready dataset.
- Developed custom DAX measures to calculate key business metrics, including revenue, sales trends, and product performance.
- Designed clear, interactive visual reports and drill-through views to help stakeholders identify trends, performance patterns, and actionable business insights.

CERTIFICATIONS

Deloitte — Data Analytics Job Simulation

Forage | 2025

- Completed practical data analytics and forensic technology tasks in a simulated professional environment, applying data analysis techniques to real-world business scenarios.

TRAINING

Power BI Training

Rise Technology, Anand | Dec – Jan

- Developed hands-on skills in Power BI, data preparation, DAX, data visualization, and dashboard reporting.
- Worked with business-oriented datasets to build reports and communicate analytical insights to stakeholders.

EDUCATION

Master of Computer Applications (MCA)

2026 – 2028

MIT World Peace University (MIT-WPU), Pune

Bachelor of Computer Applications (BCA)

Completed

Natubhai V. Patel College of Pure & Applied Sciences, CVM University

CAREER FOCUS

Data Analyst | Business Analyst | BI Analyst | MIS Analyst — with a strong interest in SQL, Power BI, and business-focused analytics.
